PREFACE.

Mr. C. S. Wilcox has been a prominent collector for many years and favorably known as a generous and liberal buyer both from the dealers and at auction sales, and the results are contained in the splendid collection embraced in the present catalogue. The series of United States and personal gold and encased stamps were those which he especially prized, and collectors will find on perusal of the following pages many rarities and interesting coins, in fact, too numerous to mention in this preface.

All the coins and medals are guaranteed genuine, and this holds good indefinitely.

Catalogues marked with the prices each lot sold for will be supplied after sale on receipt of 75c.

Collectors will oblige us by stating clearly the highest sum they wish to offer for any lot. Bids are at so much for *each coin*, no matter how many are in the lot, except in proof sets, where they are sold by the set, or in instances where it is expressly stated that they are sold by lot.

The portion of the collection from lot 1 to lot 756, inclusive, will be sold the first day—No. 757 to end the second day. Each section will be on exhibition from 9 to 1 P. M. on day of sale. There has been a very wide distribution of this catalogue. and should any one receive it who is not interested in coins they would confer a great favor by sending us a postal card to that effect, so that further catalogues may not be sent. We would like to receive bids—even if but for a few lots—from every one receiving a copy of the catalogue, it encourages the sending of future sale catalogues.

Collectors sending in their bids early will have them acknowledged, and any information in our power to impart as to the value of goods bid for, etc., will be supplied; but those forwarding orders just prior to sale lose this very advantageous opportunity.

Thanking our numerous clients for their support in the past and striving to further merit it, we remain,

Very respectfully,

S. H. & H. CHAPMAN,

Numismatists. 1348 Pine St., Philadelphia.
